Bring Your Skills to TSA

How to Apply

You can apply for a TSO position only when a job opening is posted on USAJOBS for a specific airport. Go to usajobs.gov.

1. To search for an open Transportation Security Officer (TSO) position, go to **usajobs.gov**. Note: You will need to crate a profile on the login.gov secure government portal or sign in if you've previously created one.

2. At **USAJOBS**, find local job openings by searching for "TSO" in the keyword box at the top of the page. Use your city or state in the location box.

3. Under search results, click on the title of the position you are interested in to get to the job description page.

4. **Click APPLY** (the blue button on the right) to begin your application. This will prompt you to create a **USAJOBS** account or sign in to your existing account.

5. Create a resume using the Resume Builder tool on **USAJOBS,** if you haven't already done so. Resumes, though not required for the TSO position, must be created using the USAJOBS Resume Builder tool. You cannot attach previously uploaded resumes. Please contact the TSA Help Desk for assistance with submitting an application without a resume.

6. Follow the remainder of prompts to finish the application and submit.
